DAVID WILSON HOMES

WHERE QUALITY LIVES

CONSTABLE GARDENS

— A LOCATION LIKE NO OTHER —

The picturesque Constable Gardens is nestled in the charming village of East Bergholt, in the Babergh District of Suffolk. Just north of the Essex border, this idyllic setting gives you the very best of both worlds, combining the steady pace of rural life whilst keeping you connected by excellent travel links.

With the Dedham Vale Area of Outstanding Natural Beauty right on the doorstep, you can benefit from the peace and tranquillity of the area's beautiful lowland landscapes and water meadows of the River Stour. A source of inspiration for the famous painter, John Constable, you too will enjoy exploring the area's quaint villages, rolling farmland, rivers, meadows, ancient woodlands and a wide variety of local wildlife.

For keen ramblers, there is a variety of National Trust walks close to home, in addition to the Flatford and Constable country walk which combines picturesque scenery and an insight into the area's rich heritage.

Constable Gardens is conveniently located 11 miles from the historic city of Colchester, which grants access to a wide selection of cultural attractions, leisure and entertainment options. As Britain's first Roman city, Colchester boasts a rich heritage while also offering a range of places to eat, drink and shop. In 2022, Colchester was gifted modern city status as part of the Queen's Platinum Jubilee.

Closer to home at Constable Gardens, the village of East Bergholt offers convenient amenities for everyday life, including groceries, coffee shops and cafes, farm shops and traditional pubs. For families, the village is home to two primary schools and East Bergholt High School, rated 'Good' by Ofsted.

Manningtree Train Station is less than four miles away, where a regular train service will get you into London Liverpool Street Station in an hour, making the location ideal for anyone who commutes to the Capital for work. The A12 is also close by, offering excellent access to London and Ipswich.

We know we must give our customers confidence that their homes are designed and built to meet the challenges of the future. We do this through creating places where people and nature can thrive.

NEW HOMES

Quality Code

Housebuilders and developers who build new homes will be expected to register with the [New Homes Quality Board](#) (NHQB). As long as a housebuilder or developer has followed the correct registration process, including completing the necessary training, introducing a complaints procedure, and following other processes and procedures that are needed to meet the requirements of this New Homes Quality Code (the code), they will become a registered developer.

Registered developers agree to follow the code and the New Homes Ombudsman Service, including accepting the decisions of the New Homes Ombudsman in relation to dealings with customers. If a registered developer does not meet the required standards, or fails to accept and act in line with the decisions of the New Homes Ombudsman, they may have action taken against them, including being removed from the register of registered developers.

The code sets out the requirements that registered developers must meet. The code may be updated from time to time to reflect changes to industry best practice as well as the decisions of the New Homes Ombudsman Service.

All homes built by registered developers must meet building-safety and other regulations. All registered developers should aim to make sure there are no snags or defects in their properties before the keys are handed over to a customer. If there are any snags or defects, these should be put right within the agreed timescales.

What the code covers

For the purposes of this code, 'customer' means a person who is buying or intends to buy a new home which they will live in or give to another person. (If a new home is being bought in joint names, 'the customer' includes all the joint customers.) However, the New

Homes Quality Board have also started work to consider other groups of customers and what they should be able to expect from a new home. This includes shared owners and people who are buying a new home to let to other people. Any changes the New Homes Quality Board make to the code to reflect the needs of other groups of customers will be developed through consultation, and they will continually assess and review the effectiveness of the code, and any new laws or regulations that apply. Other areas which are not covered by the code are claims for loss of property value or blight (where a property falls in value or becomes difficult to sell because of major public work in the area), personal injury or claims that are not covered by the scheme rules of the New Homes Ombudsman Service.
